PRESS RELEASE

PROMOTION TO THE HIGHEST PARTNER CLASS:

CONFINALE APPOINTED AVALOQ PREMIUM IMPLEMENTATION PARTNER

Zug, 17.09.2020 - Extensive project experience, over 50 certified Avaloq specialists, project locations in numerous countries and many positive customer reviews: Confinale, the Swiss software company with banking expertise, is one of only four companies worldwide to join the exclusive circle of Avaloq Premium Implementation Partners.

The partnership status of Confinale AG, which specialises in digitalisation solutions for banks in the areas of wealth advisory, tax, compliance, regulatory reporting and credit business, is raised to the highest level - the Premium Implementation Partnership. Decisive factors for the promotion to the highest partner class were among others the size, project experience and the international locations of Confinale AG. This means that Confinale belongs to the exclusive circle of only four companies worldwide that are entitled to call themselves "Avaloq Premium Implementation Partners".

"We are delighted and very proud that we have been able to achieve this new status and that we are among the top implementation partners from September 2020 onwards," says Roland Staub, CEO at Confinale. "Our promotion to the 'champions league' is a testament to our focus on the Avaloq Community, the deep and growing Avaloq expertise of our employees and our customer-centric approach to solutions - whether it be the implementation of Avaloq modules, the integration of third-party systems or the provision of digitalisation solutions for Avaloq banks. This seal of quality gives our customers additional security and makes it easier for new customers to evaluate our offering," adds Roland Staub.

Thomas Beck, Group Chief Technology Officer at Avaloq, comments on the premium partnership: "At Avaloq, we follow a streamlined, holistic approach when it comes to implementing projects for our clients. This includes close collaboration with selected industry specialists such as Confinale. Having worked successfully with Confinale for five years now, I would like to congratulate the team to this partnership upgrade. I am looking forward to continuing working with Confinale as a trusted Premium Implementation Partner to deliver outstanding end-to-end digital banking solutions to our clients.

Virtual Community Experience

The celebrations will be held - virtually for the first time - as part of the international "Avaloq Community Experience 2020" event, which is taking place on 23 September from 10 a.m. to 12 noon Central European Time. Confinale is participating as a Gold Partner and will present its new product "Investment Story Platform" at this event - the only platform on the market to actively offer event- and theme-based investing and to monitor the entire sales process on a campaign basis. On all channels, complementary to existing wealth advisory solutions. Registration. LINK: <https://www.events.avaloq.com/event/99dbcdfe-f226-4d78-83dd-6fc0aa1a7a22/summary>

About Confinale:

Confinale was founded in 2012 in Switzerland. The IT consulting and software development company is specialized in digitization projects for the banking sector. As one of four companies, Confinale is one of Avaloq's Premium Implementation Partner and specialises in the business areas of wealth advisory, tax, compliance, regulatory reporting and credit business. Since its foundation, Confinale has been one of the most active members of the Avaloq community. To date, this partnership has resulted in over 80 successful Avaloq projects in which Confinale has been able to demonstrate its expertise. The company currently employs 65 staff, the majority of whom are Avaloq-certified specialists. 35 satisfied Avaloq customers are supported by the Confinale experts in Switzerland, Liechtenstein, Germany, and the UK.
