

Confinale Wealth Solutions

HCLTech Confinale Wealth Solutions is a leading provider of comprehensive services and solutions across the financial sector, delivering value through its expertise and innovation in financial technology and services. As an Avaloq Premium Implementation Partner, we are recognized for our excellence in implementing cutting-edge solutions across the industry. For our office in Lugano we are looking for a

Interfaces & Platform Solution Engineer (all genders)

80 - 100 %, immediately or according to agreement

What you can move with us

- You take on functional and technical responsibility on the project for specific business areas
- You develop exciting full stack software based on current technologies
- You plan and realise sophisticated web applications in co-operation with internal and external stakeholders
- You develop and maintain applications/automations
- You check existing code including creation of enhancements
- You work on both frontend and backend aspects using Angular, JavaScript, Type Script and other popular frameworks

With this you succeed

- Knowledge of integration patterns such as RESTful APIs, messaging queues (Kafka, RabbitMQ), event-driven architectures, and middleware technologies
- Expertise in CI/CD pipelines, containerization (Docker, Kubernetes), and Infrastructure as Code (Terraform, CloudFormation)
- Experience in managing complex enterprise architectures and large-scale system integrations
- Good understanding of microservices and Openshift Container platforms
- Programming and scripting skills in Java, JavaScript or Python
- Good knowledge and sound understanding of database technologies (SQL, Oracle PL/SQL)
- Familiarity with Unix/Linux shell scripting for automation and system operations
- Agile mindset and thirst for knowledge, willingness to unlearn and relearn

- Concepts of software engineering and knowledge of the software development life cycle.
- Strong analytical and problem-solving skills as well as capability to work independently
- Good communication skills, should be comfortably working and collaborating in complex organization
- Fluent in written and spoken English. German, Italian and French are a plus
- Avaloq Certified Customization Professional (ACCP) is a plus

What we offer

- With us, you have the opportunity to enter the versatile and future oriented world of IT consulting
- With an intensive introductory training, we prepare you for your new challenges and offer you an organic, clearly defined and feasible career path
- Team spirit is at the heart of everything we do: You will work with like-minded people in an innovative and collaborative environment
- You have home office options for an optimal work-life balance
- You can expect an attractive and performance-oriented salary
- Summer and winter events, spontaneous barbecue evenings or get together after work - we live team spirit outside of work as well

Did we spark your interest?

We're looking forward to your application.
